

Orton-Gillingham, Level 2, Morphology Training Course

What is Morphology?

According to the International Dyslexia Association (IDA), "Morphology is the study of the structure of words and the rules that govern how their meaning changes. Morphology is important because it helps students understand the smallest units of meaning in language, called "morphemes." These morphemes include prefixes, suffixes, Latin & Greek roots." These strategies are most useful for students in grades 3-12.

The International Dyslexia Association (IDA) says that "morphological awareness is a key skill for reading and spelling.

It helps students:

- Understand difficult academic vocabulary
- Solve words they don't know how to read or spell
- Apply their awareness to more complex words"

The course is designed for classroom teachers, school administrators, Special Education teachers, literacy coaches, tutors, speech & language therapists, ELL teachers, and even parents. This course has been provided to many schools and school districts around the country.

\$895.00*

*\$895.00 per attendee

\$150.00 per attendee for the instructional materials used in the course. S&H additional

Participating in this course will result in attendee receiving a certificate of course completion.

Training Dates

November 7, 2024
December 13, 2024
January 24, 2025
March 3, 2025
May 12, 2025
August 4, 2025
